

## **BOBBY JEKYLL & BILLY HYDE**

Bobby Jekyll is a fun loving high school senior who appears to have everything - smarts, looks, the prettiest cheerleader in school, and great athletic ability. But still, something is missing from his life. Bobby can't seem to win the big one. His desire to earn a track scholarship becomes an obsession. Nightly, he chugs down a steroid cocktail to pick up the pace of his workouts. The concoction of drugs take their toll until, one night, coming out of the shower, preparing for a date, mild mannered Bobby Jekyll turns violent. It's as if some inner being is trying to break through his skin. A physical transformation is taking place. His voice deepens, his hair darkens, his facial bones protrude. Exuding rage, he's virile, dangerous, threatening and angry. His dark side surfacing, Bobby Jekyll becomes Billy Hyde!

Now, as Billy Hyde, he heads to the bad side of town where a vicious gang called "THE SLICKERS" rule the streets. Billy interrupts a club initiation ceremony and successfully challenges "Scag", the Slicker leader to a fight for control of the gang. Billy puts Scag in the hospital and becomes the new Slicker leader, wreaking havoc on the community -stalking residents, terrorizing them with wild car stunts, brawls, and acts of destruction.

But the cops can never find the notorious Billy Hyde. Each day, when the drugs wear off, he once again becomes Bobby Jekyll. Bobby sees evidence of his exploits - waking up in strange places, finding ripped, bloodied clothing, weapons in his pockets, bruises on his face - but still, he has no recollection of his actions as gang leader Billy Hyde.

Finally, after Bobby's friends are attacked and his girlfriend Pam sexually harassed, he can no longer stand by. He issues a challenge to fight Billy Hyde.

But only one of the boys can show up, and this time, it's Bobby. Billy loses face with the gang and in order to regain his position as top Slicker, he plans an act of destruction so devastating that there will be no doubt as to his guts and daring. Billy Hyde kidnaps and drugs Bobby's girlfriend and hijacks a street water cleaner with the intention of heading for the high school pep rally where all of Bobby's friends are congregating in the parking lot of a fast food joint.

Aware of his plan, Scag, the former Slicker leader, coldcocks him, reclaims his gang jacket and takes over the truck, dumping Billy onto the pavement. When the street cleaner pulls into the parking lot with Pam unconscious in the passenger seat it appears that Billy is still driving. Scag turns on the sprayers and the street cleaner, filled with gasoline instead of water, becomes an enormous flame thrower, spraying horrific jets of fire in every direction, turning the parking lot into an inferno.

And just when it appears that the high school students and Pam are doomed, Bobby Jekyll makes a dramatic entrance, bursting through the flames and battling Scag in the vehicle which is now veering out of control. Bobby rescues Pam just as Scag perishes in the exploding truck. But to everyone it appears that Bobby Jekyll has destroyed Billy Hyde.

"BOBBY JEKYLL AND BILLY HYDE" takes the classic Jekyll and Hyde story and turns it into a thrill packed story of the '90s.
